CARRER GOAL

I'm a Passionate frontend developer skilled in building dynamic, user-friendly web applications using React and Next.js. I aim to leverage my technical expertise and creative problem-solving abilities to build scalable, responsive applications that enhance user experience. Looking for opportunities to further develop my skills, contribute to impactful projects, and grow within a collaboratives and forward-thinking teams.

SOFT SKILLS

- Effective Communication
- Teamwork & Collaboration
- Fast Learner
- Responsibility
- Problem-Solving
- Adaptability
- Critical Thinking
- Patience and Perseverance

LANGUAGES

- Arabic, Native
- English, Fluent

EXPERIENCE

Apps Square, onsite • Frontend Developer
(July 2024) - (September 2024)

Assisted in developing web applications using React and Next.js, focusing on dynamic and responsive UI components. Collaborated with team members, participated in code reviews, and learned modern development practices.

- Completed a frontend internship focused on building web applications with React and Next.js.
- Gained valuable mentorship from an experienced frontend engineer, receiving guidance and more detailed info about frontend field.
- Tackled challenging tasks that helped enhancing my technical skills and improve problem-solving abilities.

EDUCATION AND CERTIFICATIONS

HIMIT, Kafr Elsheikh • Bachelor's In Computer Science – Good Grade
Graduation Year (July 2025)

I enrolled in the Higher Institute of Management and Information Technology of Kafr ElSheikh on October 2021, and I will graduate in July 2025. During this period, we've learned lots of things such as:

- Learned the basics of programming using C++ and C#, with a focus on data structures, algorithms, and object-oriented programming.
- Gained knowledge in systems and design analysis, including project planning and software architecture.
- Studied software engineering principles for effective project development and management.
- Completed advanced mathematics courses, including Boolean algebra, calculus, statistics, and probability.

Coursera • Meta Frontend Development Intensive Course
Compilation Date (July 2024)

Completed an intensive Meta frontend development course specializing in React.js. Acquired hands-on experience in building interactive and responsive web applications using React.js. went through crucial topics such as the following:

- Completed the Meta Front-End Developer course, developing a solid foundation in frontend fundamentals, including HTML, CSS, and JavaScript.
- Progressed through React basics, learning essential components, state management, and core React concepts.
- Advanced React topics, focusing on performance optimization, hooks, and building dynamic, interactive user interfaces.
- finally completed the capstone project course, integrating course concepts into a cohesive, real-world application.

PROJECTS

- **My Own Portfolio**
  Created a personalized Online Portfolio using React Js, showcasing a collection of web development projects, skills, and achievements. Designed an interactive and visually appealing platform to highlight my professional journey, skills, and contributions to the field of web development, facilitating effective self-presentation and career advancement.

TECHNICAL SKILLS

- HTML & HTML5
- CSS & CSS3
- JavaScript & ES6
- REACT JS & REDUX
- TypeScript
- Next JS
- BOOTSTRAP
- TAILWIND CSS
- SASS/SCSS
- Git & GitHub
